Call for Technical Committee Members

Introduction

We call for two new members of the technical committee who contribute to the league by discussing and establishing the league's rules. The task of the technical committee is to discuss the league's rules considering the league roadmap. If the proposed rules require the new code of the soccer server, they may need to provide an implementation.

The term of the technical committee member is one year. Reappointment is allowed after another procedure of the election.

Schedule

by 13:00 June 25, 2021 (UTC)
14:00 June 25, 2021 (UTC)

Nomination of TC members
TC election

Election Procedure

- **[Nomination]** All candidates for a technical committee member must be supported by two people. The supporters must be a current technical committee member, a past technical committee member, or a team leader in this league which is competing in this year's competition. Please submit the recommendation through [this form](#).
- Candidates should not necessarily be a team member of this year's competition. However, the candidates should show their knowledge on the league during the speech just before the election.
- **[Election]** During the election at the team leaders' meeting on June 25, 2021:
 - Each candidate is given about 5 minutes for speech. In the speech it is expected that the candidate introduces her/himself and explains what can be done if elected.
 - After the speech from all candidates, each team votes for two (subject to change) candidates. Note that each team has the right to vote, not each person.
 - Two candidates who obtained the most votes are elected as the next technical committee members.

Call for Organizing Committee Members

We are also calling for the organizing committee members for next year's competition in Thailand in 2022. Please let the current organizing committee members and/or the executive committee members know your intention to serve as an organizing committee member.

Current organizing committee members: Hidehisa Akiyama and Fabian Sommer
Executive committee members: Tomoharu Nakashima and Sebastian Marian

There will not be an election process for determining the organizing committee members. The executive committee members will appoint the next organizing committee members after careful discussion with the other committee members (i.e., technical and current organizing committee members).

Before tournament starts

Please test your binaries. This will also be a good practice of uploading team binaries.

Group photo

After the final match (which will start at 14:00 UTC, June 27, 2021), please come to the "Live Streaming" area in the soccer simulation 2D room at [Gathertown](#) (right down the OC table). The group photo will be taken as a screenshot of avatars of team members. If possible, it would be preferable if you could turn the camera on at the same time.

Meeting place.
