Call for Technical Committee Members

Introduction

We are seeking two new members for the technical committee who will contribute to the league by discussing and establishing the league's rules. The task of the technical committee is to discuss the league's rules, considering the league roadmap. If the proposed rules require the new code of the soccer server, they may need to provide an implementation.

The term of the technical committee member is one year. Reappointment is allowed after another election.

Schedule

by 16:00 July 17, 2025 (BRT)

16:30 July 17, 2025 (BRT)

Nomination of TC members

TC election

Election Procedure

- **[Nomination]** All candidates for a technical committee member must be supported by two people. The supporters must be a current or past technical committee member, or a team leader in this league competing in this year's competition. Please submit the recommendation through this [form](#).
- Candidates should not necessarily be a team member of this year's competition. However, candidates should demonstrate their knowledge of the league during the speech immediately preceding the election.
- **[Election]** During the election at the team leaders' meeting on July 18, 2025:
 - Each candidate is given about 5 minutes for a speech. In the speech, it is expected that the candidate will introduce themselves and explain what can be done if elected.
 - After the speeches from all candidates, each team votes for two candidates (subject to change). Note that each team has the right to vote, not each person.
 - The two candidates who obtained the most votes are elected as the next technical committee members.

Call for Organizing Committee Members

We are also seeking organizing committee members for next year's competition in Korea, scheduled for 2025. Please let the current organizing committee members and/or the executive committee members know your intention to serve as an organizing committee member.

Current organizing committee members: Tomoharu Nakashima and Omid Amini

Executive committee members: Hidehisa Akiyama and Nader Zare

There will not be an election process for determining the organizing committee members. The executive committee members will appoint the next organizing committee members after careful discussion with the other committee members (i.e., technical and current organizing committee members).
